Artarmon Public School After school care

Your
OSHC.

Dear parents,

We're excited to kick off our after-school care program with a vibrant array of activities that promise fun, learning, and creativity!

Your children will enjoy a thrilling Science Week, where hands-on experiments and imaginative builds await. They'll dive into exciting projects like the LEGO Solar System Model, explore weather and water cycles with a 3D LEGO Water Cycle, and more science-filled adventures that spark curiosity and discovery.

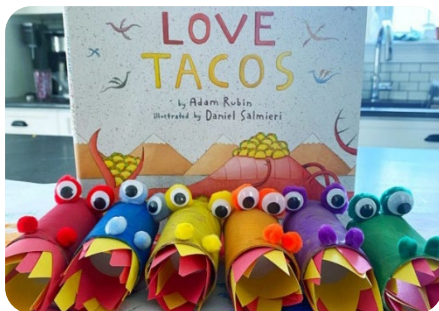

As we look ahead, we can't wait to celebrate Book Week, a time to ignite imagination through stories and creativity. Children will enjoy making Harry Potter bookmarks, decorating a Book Donation Box, crafting playful animal slinkies, and bringing stories to life with a fun Stick Man craft and other engaging book-themed activities.

We can't wait to see the excitement and imagination your children will bring to each day's adventure.
